are accepting written proposals for candidates from students of undergraduate and doctoral study programs studied at FVM and FMHE VETUNI in English from students of study programs studied in English until **Monday 04/29/2024 at 12:00**. In the case of proposals from students, they must be part of the proposal and written consent of the candidate with the candidacy. **On April 30, 2024**, the committee will publish the lists of candidates for undergraduate and doctoral study programs studied at FVM and FMHE VETUNI in the English language who have agreed to their candidacy.

Elections will be held on **15 May 2024 from 7:00 a.m. to 1:50 p.m.** The elections of members of AS VETUNI, representing students of undergraduate and doctoral study programs studied in English, will take place in the entrance hall of SIS (building no. 24; room 169). At the polling place, the voter will receive a ballot for their signature on the list of students of undergraduate and doctoral study programs studied at FVM and FMHE VETUNI in the English language. Participation in the election (taking over the ballot, editing it and putting it in the ballot box) cannot be delegated to another person.

The ballot is a list of candidates of undergraduate and doctoral study program students studying at FVM and FMHE VETUNI in English in alphabetical order, stamped AS VETUNI. When voting, a voter can circle the serial number of a maximum of one candidate to whom he is voting. The part of the ballot paper on which more than the permitted number of candidates are circled, or the ballot paper on which other adjustments are made, are invalid. If the voter makes a mistake while filling out the ballot, he/she will ask the commission for a new ballot, which he/she will receive in exchange for the original one. It will be immediately devalued in his presence.

According to the number of votes received, the election committee will compile a list of candidates from among the students of the undergraduate and doctoral study program studied in the English language who received the highest number of valid votes.
